

Board Policy: Board Policies

Policy Statement

It is the policy of The Mountaineers to compile policies approved by the board so they are accessible to members.

Application

1. The board of directors is the sole policy-making authority within The Mountaineers as described in the bylaws, "Powers", except that the board may, in a written policy, delegate certain policy development to staff, such as the delegation of the creation of procedures for reporting accident information to the Operations Director.
2. New policies and revisions to policies shall be approved by the board of directors.
 - A. Any board member may propose a new or revised policy by submitting to the Executive Committee a draft for inclusion in a board packet.
 - B. A majority vote is required to approve, revise, or rescind a board policy.
3. The Secretary shall be responsible for compiling board policies into a policy file and for posting and updating the file on The Mountaineers website so that it is current and accessible to members. The staff shall assist the Secretary in the completion of these tasks.
