The screenshot shows the Ingram website page titled "E-BOOKS FOR RETAILERS". The page features a navigation menu on the left with links: Home, Who We Are, Who We Serve, What We Do, What We Carry, Our Companies, Our Platforms, Our Markets, Careers, Contact Us, News & Events, and Ingram Logos. The main content area includes a search bar, social media icons, and a breadcrumb trail: Home // What We Carry // Books & Related Products // E-books for Retailers // Fulfillment & Distribution. The page is divided into two main sections: "FULFILLMENT" and "DISTRIBUTION". The "FULFILLMENT" section states that Ingram provides content, metadata, and security (DRM) directly from their servers to the end consumer, and that once integrated, users can immediately start selling e-books. The "DISTRIBUTION" section explains that for retailers with digital rights management (DRM) and e-fulfillment capabilities, Ingram connects them to their digital distribution platform, where publishers enable their metadata and content to be hosted and sold through their site. A call to action at the bottom of the page says "Contact us to get started today!".
