

COMPREHENSIVE LIST OF SEATTLE PARKS

BONUS FEATURE FOR *DISCOVERING SEATTLE PARKS: A LOCAL'S GUIDE*

BY LINNEA WESTERLIND

Over the course of writing *Discovering Seattle Parks*, I visited every park in Seattle. While my guidebook describes the best 100 or so parks in the city (in bold below), this bonus feature lists all the parks in the city that are publicly owned, accessible, and worth a visit. Each park listing includes its address and top features.

I skipped parks that are inaccessible (some of the city's greenspaces have no paths or access points) and ones that are simply not worth a visit (just a square of grass in a median). This compilation also includes the best of the 149 waterfront street ends managed by the Seattle Department of Transportation that have been developed into mini parks. I did not include the more than 80 community P-Patches that are managed by the Department of Neighborhoods, although many are worth a visit to check out interesting garden art and peek at (but don't touch) the garden beds bursting with veggies, herbs, and flowers.

For more details, links to maps, and photos of all these parks, visit www.yearofseattleparks.com. Have fun exploring!
