**GREETINGS TO THE EVERETT BRANCH!!!!**

I would like to extend a special thanks to Marjorie Schaller and Jerry Crofoot for their years of service to the Branch as Chairs of the Membership and Skiing committees respectively. They have given many hours of time and lots of energy; continuing the Branch on a path of unbelievable growth with an ever widening range of activities.

I am also pleased to appoint Debbie King and Ted Case as chairs of the Membership and Skiing committees respectively. The Branch welcomes you into these positions!

These past few months have been very busy for many members but I would like to thank those that wrote letters on the draft management plan for the Mt. Baker - Snoqualmie National Forest. This is our backyard and we should comment on how it is being used. Also thanks to Scott and Lori Dorrough who conducted a letter writing session in their home.

This month I attended the Board of Trustees meeting in Seattle as the draft Guest Policy contained language such that guests would not be able to participate in courses. I am happy to report our trustee, Dana Miller, other Branch trustees and member-at-large trustees were able to convince the Board as a whole that most guests later become members and are vital to the future of the Mountaineers.

Don

**NEXT MEETING, WED. JUNE 1**

MT. BAKER LODGE OUTING

July 23-24, Weekend -- Mt. Baker Lodge. Enjoy two planned hikes: Mt. Winchester on Saturday & Kulshan Cabin (Heliotrope Ridge opt.) on Sunday, or a climb, Mt. Larabee, on Saturday. Take one or both hikes, or climb, or just make it a R&R weekend away from the city. Sign up with Barbara Matheisen, 659-6734.

A potluck dinner is planned for Saturday evening; Sunday breakfast will be approx. \$1.50 per person. Bring lunches for both days, sleeping bag, flashlights, plus personal gear. Friday evening people are responsible for their own breakfast on Saturday morning.

The lodge will be open Friday night by 6:00 p.m. for those who want to make it a full weekend. Please state when signing up the number of nights you will be staying. Lodge fees are approx. \$8 per night.

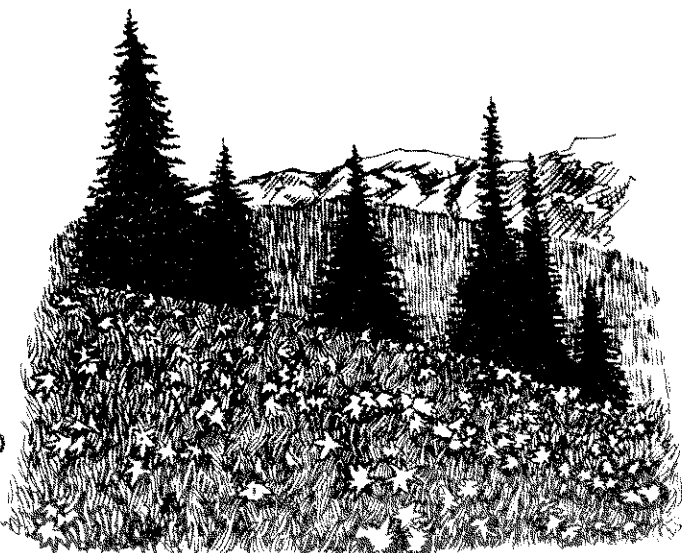

This bit of trivia is taken from the April 7, 1954 minutes of the Everett Mountaineers with Philip Zalesky as chairman.

*A discussion concerning climbing ropes was held, with the point made that the group needs at least four or five manila ropes. A motion to purchase two nylon ropes failed. A second motion was made to purchase two manila ropes was amended to four or five manila ropes; the comparative virtues of nylon verses manila ropes resulted in the amendment being defeated and the main motion resulting in a tie. A committee was appointed to report at the next meeting.*

*The Seattle Board of Trustees proposed a change in the title of the head of the Everett and Tacoma Mountaineers. It was suggested they be named "Director". Herman Felder made the motion that our trustee be instructed to inform Seattle that the Everett group wants the title, "President" for its executive.*

*A climbing fee was set at 25 cents for all climbs, instead of the usual 10 cent trail fee.*

Dianne

#### **A SPECIAL THANKS TO JERRY CROFOOT**

When there is a need to help or to create, someone steps forward; that's the way it is within the Everett Branch. When there was a need for a skiing course, Jerry Crofoot came forward in January 1982 and he has been there, in all capacities, ever since. Jerry started the Nordic skiing class and then continued on to create the first Telemark class within the club.

Jerry has been an inspiration to the Branch in ways other than skiing. For a while it seemed he was constantly on the road: skiing in Utah and Colorado, exploring Australia and New Zealand, or trekking in Nepal. He instilled others to view the beauty of the world outside the Cascades and to experience the local culture.

I wish to, personally and on behalf of the Branch, extend special thanks to Jerry for his contribution and inspiration to the Everett Mountaineers. I hope to continue to see him at Branch meetings and look for his leadership of future activities.

Again, many THANKS!!!

Don Heck

The Mountaineers - Everett Branch  
- PRESENT:  
**Folkdance!**

(Co-sponsored by Everett Parks & Recreation)

**JUNE FOLKDANCE**

**June 10, Second Friday Dance.** We've been having a great time at our second Friday dances. If you haven't tried us out lately, come join us for an evening of fun June 10. Art Nation will be with us teaching several pivot step dances including Snoa, the Boston Two-Step, and the Seattle Polka from 8:00 to 9:00 p.m. Art will continue the evening as our M.C. for a delightful evening of international dances from 9 to 11:30 p.m.

The dance will be held in Floral Hall at Forest Park. See The Mountaineer for directions. Refreshments are provided. Singles are welcome. A \$3 donation would be appreciated to help cover costs. See you there!

**Directions to Forest Park:** From Northbound I-5, take the left lane Broadway Exit #192. Stay in the far right lane and follow the signs to 41st Street. Go West on 41st approx. .8 mile to a steep left turn entrance to Forest Park. Floral Hall is next to the pyramid shape swimming pool building.

From Southbound I-5, take the 41st Street Exit. Follow 41st Street west. Continue as per northbound directions.

**BACKPACKING COURSE**

The Everett Branch will hold its annual backpacking course on two Thursday evenings, June 16th & 23rd (Please note these are new dates), at the Swallow's Nest in Everett. Cost is \$3 for members, \$5 for non-members. Classes are from 7 to 9 p.m. Course instructor is Karen Hume, 483-3814.

The class field trip to Monte Cristo will be July 9 & 10.

**TRUSTEES REPORT**

I have been working on a committee to make recommendations for a Mountaineer guest policy. Recently, there was a proposal by the Board executive committee to only allow members to take courses. The branches felt that this would seriously impair some of their programs, since the nonmembers are a source of revenue and new members. At the May Board meeting these concerns were raised. The Board seemed to be very sensitive to the branch concerns, and decided that each division and branch be allowed to decide this issue.

The Sierra Club has filed a suit against the U.S. Fish and Wildlife Service to compel the Service to conduct an objective review of the status of the northern spotted owl. This would hopefully lead to the listing of the owl as a threatened and endangered species, and future protection of the old growth forests in which they live. The Board voted to have the Mountaineers join the lawsuit, and contribute \$500 to the costs.

The Board approved a new Seattle Climbing Committee peak pin. The Cascade Classics Pin will be awarded for climbing 18 out of 20 of the highest nonvolcanic peaks in the state.

Thank you - Dana Miller

**A SPECIAL THANKS TO  
MARJORIE SCHALLER**

Many people contribute their time and energy to the Branch and because of this the Branch continues to grow in size and variety of activity. The reasons why we join The Mountaineers, and the Everett Branch in particular, are not often shared but getting off to a good start is very important. For the past four years, the Everett Branch has been very fortunate to have Marjorie Schaller as the Membership Chair. She welcomed each new member into the Branch and helped them get started in the activity of their choice while still being responsive to the needs of the present members.

In June 1984, Marjorie Schaller volunteered to be Membership Chair and since then the Branch has grown rapidly from 462 to 620 members. To aid the new members, in her spare time of which she has very little, Marjorie prepared a welcoming letter. This letter helped explain the purposes of the Mountaineers and presented the "Ten Essentials" checklist for all outdoor activities.

I wish to, personally and on behalf of the Branch, extend special thanks to Marjorie for her contribution to the Everett Mountaineers. I hope to continue to see her at Branch meetings and look for her leadership of future activities.

Again, many THANKS!!!

Don Heck
