6:05PM YOUTH OUTREACH DIXIE HAVLAK

DISCUSSION	Dixie Havlak updated the council regarding the status of our youth program. Survival hikes, car camping, razor clamping, and bird watching are all additional activities that are being offered for the youth and families. Paul Kallmann is interested in offering rock climbing, backpacking and is hosting an outdoor skills class with the Children's Hands on Museum.
Dixie would like to set up a roster of youth leaders. Bob Keranen mentioned a committee should be set up on the website and she can add members.	
Paul Kallmann has made a request do support a climbing day one time per month at the Cirque Climbing Gym. The request is to sponsor \$7.00 per climber, which covers gym time, harness and climbing shoes. Climbers will need to pay \$5.00 per person. Kim Polman noted we have \$2,500.00 which was donated to the youth program to be spent however deemed necessary.	

6:37PM SCRAMBLING TOM ECKHOUT

DISCUSSION	Tom Eckhout noted some frustration the scrambling committee has had with volunteers and dates for the climbing committee. The recent cancellation and reschedule for climbing's snow II trip may put the scramblers snow II trip in jeopardy for volunteers. It was asked if there was a way to set something up within the branch so all dates can coincide with each other. The calendar was mentioned as an option.
Rather than retaking the course, volunteers can renew their navigation badge if they help at one lecture and one day at the navigation field trip.

DISCUSSION		
Donna Kreuger, Social Chair: 26 people attended the spring open house and six new members have signed up. There were less people than she hoped for. It may have been too early in the season. The amount of rain we have been receiving may also have been a factor. The conditioning hiking series has ramped up. 30 people are registered and we also have some Seattle and Tacoma members. Ideas are in the works about adding a second level for the conditioning hiking series; David Geeraerts hikes would be desirable for this. .
