Introduction

Objectives

Summary

The Rules and Policy Manual provides an organized method of stating, disseminating and preserving policies, procedures and information related to the conduct of The Olympia Branch of The Mountaineers business and activities.

Policies

The manual is intended as an aid to officers, and other volunteers to facilitate communication of Mountaineers policies, assist in implementing Mountaineers procedures and to provide a
single reference source of officers guidelines.

Policies stated in the Officers Policy Manual apply to all members of the Olympia Branch. All official branch policies are included in this policy manual.

Branch policies shall not conflict with The Mountaineers policies. In cases of possible conflict, the Mountaineers policies shall govern. Report any conflicts to the branch chair for resolution.

**Objectives**

- Communicate policies and provide a source of reference for the branch
- Establish accountability for implementing officer’s policies
- Implement policies and procedures consistently and uniformly throughout the branch.

**Organization and Use of Manual**

**Summary**

The following descriptions outline how the Olympia Branch Rules and Policy Manual are organized and how to use it to locate information.

**Approval**

The Officers’ Council will review all changes to the policy manual before printing and distribution. These approvals shall be part of the minutes maintained by the secretary.

**Organization of the Manual**

**Sections**. The Olympia Branch Officers’ Policy Manual is organized into five sections. Each section groups a number of related items called "subjects." All sections are:

- Titled
- Numbered in increments of 100 beginning with 100
- Provided with an individual table of contents
- Summarized by the first subject in each section, e.g., 101, 201, 301, etc.

**Subjects**. Each section is divided into subjects, information items of relatively small scope. Subjects usually describe specific Mountaineers policies, procedures, and guidelines. They are:

- Titled
- Numbered consecutively within each section.

**Location of Information**

**Table of Contents**

**For entire manual**: The Table of Contents lists the names and numbers of sections and subjects in the order they appear in the manual.

**For individual sections**: The first page of each section is an individual Table of Contents. All individual section Tables of Contents are numbered with the appropriate section number, for
example, 100, 200, 300, 400. The contents list names, numbers, and main topics for the subjects appearing in that section.

**Updating of Manual**

**Summary**

The following procedures are outlined to assist in updating and maintaining the Olympia Branch Officers Policy Manual.

**Approval of Changes**

Review and approval by the Officers’ Council of all changes is required before printing and distribution. Changes are to be made in the same manner as actions taken by the Officers’ Council in other matters. The approvals are part of the Officers’ Council minutes maintained by the Secretary-Communications Chair.
