AFTER 3:30 PM ONLY, NO EXCEPTIONS

ONLY TRACK

SKI TRAIL ETIQUETTE

SKATING CLASSIC SNOWSHOE

SKATERS & SNOWSHOERS PLEASE PRESERVE THE CLASSIC SKI TRACK. SKATERS TO THE LEFT, SNOWSHOERS TO THE RIGHT.

All winter recreationists

- Read the signs, know the rules
- Let faster parties pass
- Fix your falls—fill your divots
- Don't posthole – deep boot holes ruin ski and snowshoe trails
- Rest or water stop? Step off the trail
- Dogs—follow rules, leash, clean up poop
- Common sense, kindness and courtesy

Snowshoers

- Yield to uphill snowshoers and all skiers
- On shared trails, stay on snowshoe section, even if ungroomed
- Stay off the ski track and the middle skate area

Skiers

- On a one-way trail, go in the right direction
- Yield the center/skate lane to skate and downhill skiers
- Try not to ski across tracks
- Keep the bottom of hills clear
- Stay on the right-hand side
- Pass on the left
- Call out when passing
- If you need to walk—stay far to the side

Leave no trace in the snow

- Don't feed the animals
- Pack it in, pack it out
 - Check around after lunch or snack stop
- When nature calls...
 - Let others know you need a “party separation”
 - Pack it out-bag system or other
 - Don't hide your pee
 - Away from trail and water sources

Go out and play!
