

# Introduction to the Natural World - 2015

We all love to hike – and we usually see  
the big picture

But what does it tell us about the system?

What about the little things?

What about the sounds around us?

With our attention expanded we actually see and experience more.

Let's

# Introduction to the Natural World – Session 1

- Bird Identification - Jeff Nystruen
- Life Zones of the NW – Kay English
