

Basic Bird Classification

Mia Spangenberg

**Goal:
Identify
30 species**

Grouping Categories of Birds

- **Major groups:** shorebirds, sea birds, wading birds, raptors, song birds, waterfowl, game birds, ...
- **Bird families:** sandpipers, gulls, herons, finches, woodpeckers, swallows, thrushes, sparrows, ...
- **Specific species:** Song Sparrow, Great Blue Heron, Western Tanager, Barn Swallow,

Methodology of Classification

- **Size**
- **Silhouette (shape)**
- **Behavior**
- **Habitat**
- **Sound**
- **Plumage (male/female, breeding/non-breeding)**
- **Bill, legs, other distinguishing characteristics**

Size

- **Very large:** heron, eagle, swan, raven
- **Large:** duck, goose, crow, hawk, pigeon
- **Medium:** robin, blackbird, starling, towhee
- **Small:** sparrow, warbler, finch, swallow
- **Tiny:** hummingbird, kinglet, chickadee, bushtit

Family Silhouette

Behavior

- **Soars overhead:** hawks, swallows, swifts, ...

- **Swims:** ducks, geese, grebes, ...

- **Forages on the ground:** sparrows, grouse, quail, ...

- **Jumps quickly from branch to branch:** warblers, kinglets, ...

- **Climbs up tree trunks:** woodpeckers, creepers

- **Flycatches:** flycatchers, hummingbirds, bluebirds, ...

- **Is gregarious or solitary**

Habitat

- **Offshore (ocean):** puffins, shearwaters, ...
- **Seashore (estuary, beach, ...):** sandpipers ...
- **Riparian (stream bed, river, ...):** tanagers, flycatchers, kingfisher ...
- **Marsh (grass, reeds, ponds, ...):** wrens, sparrows, ducks, blackbirds, herons ...
- **Forest (mature, regrowth, edge, ...):** kinglets, thrushes, woodpeckers, ...
- **Mountain (meadow, rocks, ice, ...):** bluebirds, finches, grouse, hawks, ...

Sound

- Songs
- Calls
- Other (wings, pecking, beak snapping, tail, ...)
- Species specific: Belted Kingfisher, Canyon Wren, Barred Owl
- Family specific: Corvids, wrens, finches

Plumage Pattern

- **Head, wings, beak shape, tail, belly, breast, ...**

- **Species specific – time to consult the bird book! Or take notes/pictures and then consult the bird book back in the car**

Chickadees

Chestnut-backed Chickadee

Black-capped Chickadee

Thrushes

American Robin

Varied Thrush

Wrens

Bewick's Wren

Marsh Wren

Pacific Wren

Corvids

Steller's Jay

Common Raven

American Crow

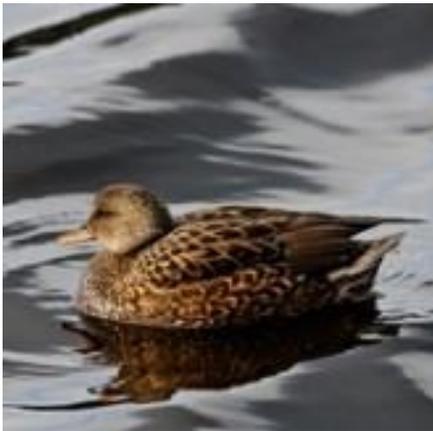

Gray Jay

Ducks

Gadwall

Mallard

Wintering Ducks

Green-winged Teal

American Wigeon

Swallows

Violet-green Swallow

Barn Swallow

Tree Swallow

Hawk-like Birds

**Red-tailed
Hawk**

Bald Eagle

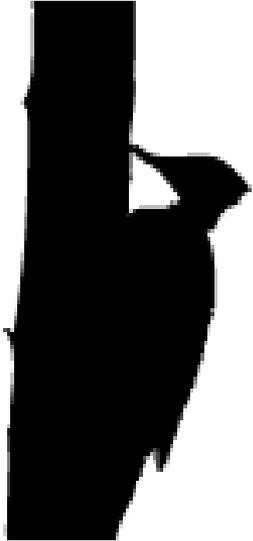

Osprey

**Turkey
Vulture**

Woodpeckers

**Pileated
Woodpecker**

Northern Flicker

Review

- **Use habitat, range, and season to prepare for what you might see**
- **Associate size, silhouette, and behavior with specific bird families**
- **Field characteristics: use song and plumage pattern to identify species**

Improving your Birding Skills

- **Buy a bird field guide or app (or both)**
- **Take a birding class offered by your local Audubon chapter**
- **Buy a bird finding book**
- **Get a checklist for the area you are visiting**
(ask at visitors' centers or search the internet)
- **Go birding** *(especially with people more knowledgeable than you)*
- **Get a good pair of binoculars (size 8X42)**
- **Spend time in the field in all seasons and in a variety of habitats**

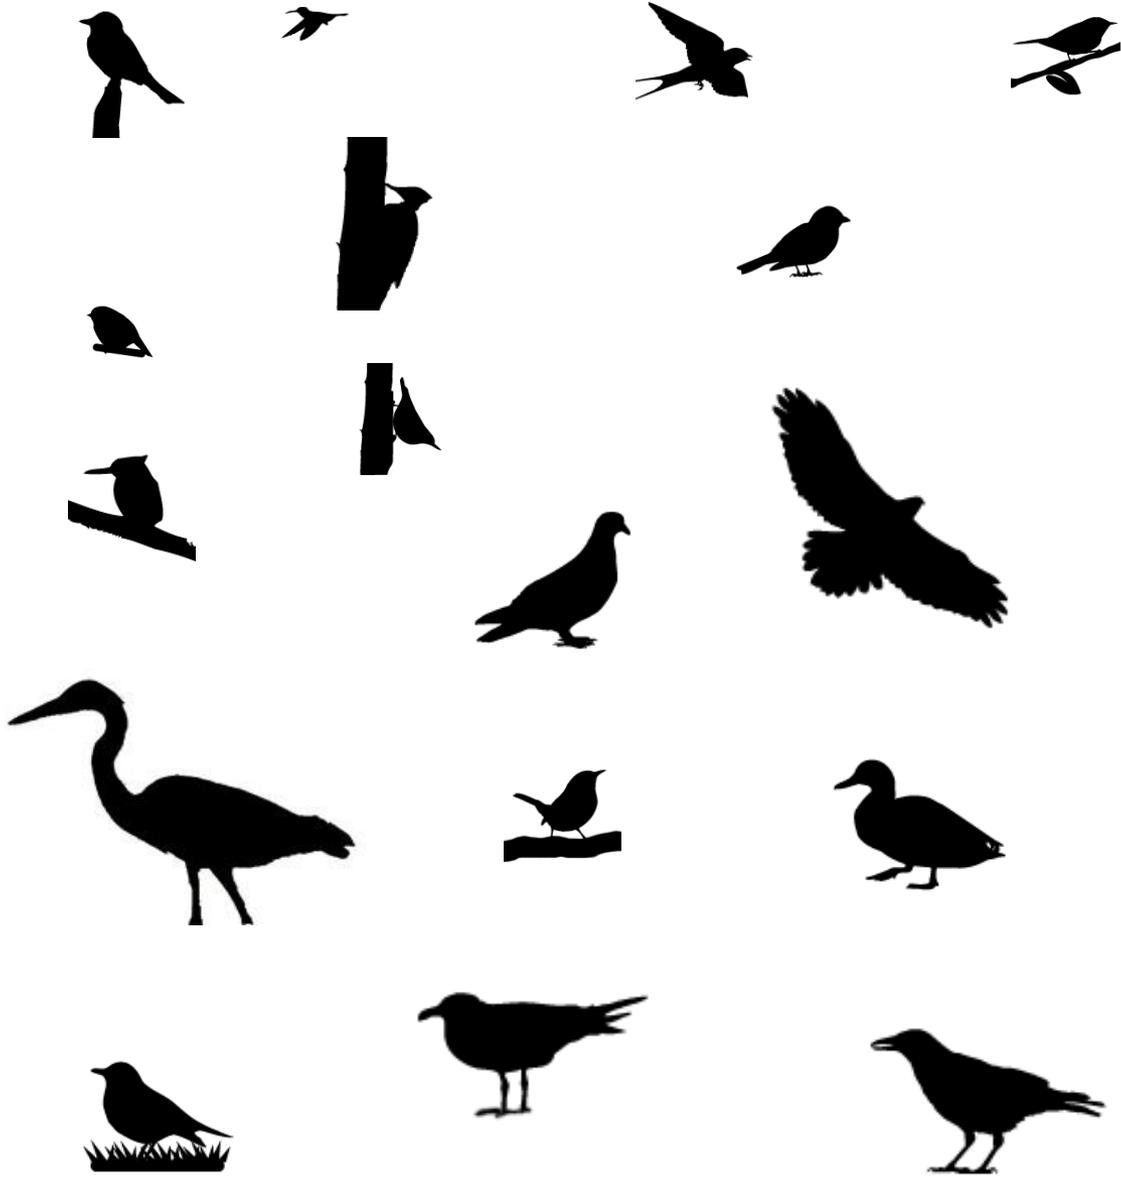

Good Sources

Books and Audio:

- Sibley and National Geographic guides, see also the Western versions for handy use in the field
- A Birder's Guide to Washington – where to go birding
- Bird Songs of the Pacific Northwest (5 CD set)

- www.birdweb.org – best site for WA birds
- www.allaboutbirds.org – Cornell Lab of Ornithology
- ebird.org - a real-time, online checklist program

Distinctive Songs & Calls

Marsh

Common Yellowthroat

Brushy canyon

Canyon Wren

Dense forest

Red-breasted Nuthatch

State Bird of Washington

- Notice the finch-like beak handy for eating seeds
- Notched tail

American Goldfinch
