

Mentored Basic Climb Evaluation

Leader Name: _____
 Mentor Name: _____
 Climb Date: _____

Peak: _____
 Basic Rock Basic Glacier

To be completed by mentor.

The purpose of mentoring potential climb leaders on basic climbs is to ensure that our climb leaders have both the best training to lead climbs, and the required skills and attitude to safely lead basic climbs. These climbs are both a learning experience for the new potential leader, as well as a final check on the qualifications of this leader.

As a mentor, we are asking for your unbiased appraisal of this new leader. Please comment on what they have done well, what they can improve upon, and any safety concerns you have (please use the back of the sheet if you need more room to write).

<u>Criteria</u>	<u>Well Done</u> s	<u>Opportunities for Improvement</u>
<p><i>Preparation</i></p> <p>Organized climb effectively, screened participants, set up teams, group gear, directions, instructions, climb came together</p>		
<p><i>Technical ability</i></p> <p>Constructing anchors, performing belays, rope management, setting protection, navigation</p>		
<p><i>Group leadership</i></p> <p>Inspires confidence, works well with the group, handles group dynamics effectively, keeps team working together, keeps calm, team sees as leader</p>		
<p><i>Problem solving</i></p> <p>Handles any problems that come up, seemed prepared and had contingency plans in place</p>		

What safety concerns do you have (if any):

In your opinion, should this potential leader do another mentored climb of this type?

Yes No

Are you comfortable this leader has demonstrated to you that they can lead this type of climb safely, and would you go on a climb that they lead, and rope up with them?
