

# Tacoma Mountaineers

## 2015 Basic Crewing / Sailing Class

### References for Class 3

#### Links

National Weather Service, Seattle - <http://www.wrh.noaa.gov/sew/> Click on the land to see a land-based forecast and the water to see a marine forecast.

NOAA Tides Predictions - [http://tidesandcurrents.noaa.gov/tide\\_predictions.html?gid=259](http://tidesandcurrents.noaa.gov/tide_predictions.html?gid=259) Scroll down and click on a substation. Once on the substation page showing the graph, click on the orange "Annual PDF" tab to download a PDF showing entire year you can print out.

NOAA Current Predictions - <http://tidesandcurrents.noaa.gov/noaacurrents/Stations?g=698> Mouse over a station name to see a pop-up map. Once on page showing station graph, click on "Annual Prediction Tables" to get a PDF showing entire year you can print out.

#### Apps

*AyeTides XL*, by Hahn Software LLC, iPad app for \$7.99 at App Store - good tide and current app and interfaces to iNavX navigation app.
