

## 2020 Internal Climbing and Scrambling Lottery Results – LEAVENWORTH

In the table below are the climbing and scrambling course-related trips that were awarded priority for Leavenworth through The Mountaineers 2020 Internal Lottery. These “winners” have priority in scheduling at the [Leavenworth](#), [Sam Hill](#), and [Peshastin Pinnacles](#) route/places on our website. The Internal Lottery results will be posted on the route/place pages for reference. *Please note that our user days in the Icicle and Castle Rock are not finalized until they are approved by the USFS.*

Staff will submit all internal lottery results within the USFS permit area (Icicle and Castle Rock) to the USFS when their annual Outfitter-Guide Rock Lottery opens in early March 2020. We plan to hear back from the USFS in late March 2020 with our **final** allocations for the 2020 climbing season. Staff will then be in touch with leaders about whether or not they received their requests, and they will post the final user day allocations on the Leavenworth route/place.

*For trips at Sam Hill* - Staff will check-in ~1 month ahead of the first scheduled trips to confirm your anticipated numbers. Staff will then submit the relevant permit documents and payment to the Chelan-Douglas Land Trust, and will forward final copies of the permit to each leader once received. Leaders are expected to carry a hard copy or electronic copy of their permit during their trip.

There was 1 requested trip that we were **not** able to accommodate in the Lottery due to higher priority requests from other branches and a lack of available capacity at Leavenworth on the requested dates. This trip has been moved to Mt. Erie, as per the alternate location provided by the trip leader, and also appears in the Mt. Erie Lottery Results document:

Start Date	End Date	Branch	Course	Field Trip	# students	# Instructors	Area(s) Requested	Notes
