

FIELD TRIP, LECTURE, SEMINAR, AND CLINIC FEEDBACK

Each of our field trips, lectures, seminars, and clinics takes extraordinary effort to facilitate and implement. Our leaders volunteer tremendous amounts of time and energy to make these activities happen, and it is extremely valuable for them to know what worked well, and what they can do to improve future activities. Thank you for helping us improve our programs!

**** All feedback you give shows anonymously to the activity leader unless you include identifying information. If you indicate that there was a safety incident, you will be prompted to complete an Incident Report Form, and the information you provide will be made available to the members of our Safety Committee. ****
